### BRIDGES & FOOTPATHS

The trails and pedestrian bridges linking the various neighborhoods of WaterSound Beach were built to protect the dunes, while providing spectators the opportunity to appreciate the delicate beauty of the wetlands and conservation areas. Engaging wooden pathways, designed specifically for WaterSound Beach, gently meander through the natural openings and contours of the dunescape for access to the white sandy beach and emerald green waters of the Gulf.

### THE GATEHOUSE

The GateHouse, designed by Gund Partnership Architects, has a shape derived from the historic 1887-era W.G. Low House in Rhode Island, a unique summer cottage beneath an expansive triangular gable. The GateHouse is home to the seasonal WaterSound Beach Café, the Fitness Center, the WaterSound Beach post office and the WaterSound Vacation Rentals company.

### NATURE

The beautiful landscape of WaterSound Beach shifts from brilliant white sandy beaches to dunes typified by drifts of saw palmettos, scrub oaks, hollies and wax myrtles. Moving away from the Gulf, the secondary dunes give way to sandy pines. A coastal dune lake, Camp Creek Lake provides WaterSound Beach with another distinctive ecological niche. The lake comes within a few feet of and at times opens up to the brilliant emerald waters of the Gulf, creating a rare and thriving wildlife habitat.

### DEER LAKE STATE PARK

Named after the freshwater coastal dune lake within its boundaries, Deer Lake State Park, a 1,995-acre area on the western border of WaterSound Beach, offers trail access to the Gulf of Mexico through a magnificent dune field and a pristine section of beach. Coastal dune lakes are extremely rare worldwide and in the United States they occur only along the Gulf Coast. Deer Lake State Park is rich with diverse plant and wildlife.

## TEE TIME

The golf collection of Camp Creek, Shark’s Tooth and Origins offers discerning golfers a rare assembly of three legendary golf course designers all within an 11-mile radius. Tom Fazio-designed **Camp Creek Golf Club**, an 18-hole, par-72 championship course measuring 7,159 yards has been named “Course of the Millennium” by *Travel + Leisure* magazine. Camp Creek’s five-tee configuration accommodates players of all skill and experience levels. It has also been recognized for its environmental stewardship by designation as a Certified Audubon Cooperative Sanctuary by the Audubon Cooperative Sanctuary System.

A new concept in golf is the revolutionary **Origins** course, designed by Davis Love III. Located in the WaterSound community, the 1,800-yard, six-hole regulation course also plays as a nine-hole executive course and a 10-hole, par-three. This course is fun for families, beginners and casual golfers, while providing enough challenge and strategy on the regular holes for experienced players.

The private Greg Norman-designed **Shark’s Tooth Golf Club** is the centerpiece of the Wild Heron community. The course stretches to 7,209 yards from the back tees and features five fairways that border scenic Lake Powell. With majestic live oaks and loblolly pines coupled with acres of preserved wetlands, it is easy to see why *Golf Digest* voted Shark’s Tooth the fifth best golf course in all of Florida.
